## Statement

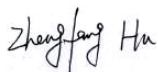

We, Shanghai Longcheer3g Technology Co., Ltd., states that our device ( Brand Name: FSMobile, Model Name: WM320, FCC ID: WLPWM320 ) is a data card which ONLY supports GPRS/EDGE 850/1900 in USA. However, it will be also supporting GPRS/EDGE 900/1800/ FDD band I in Euro and WCDMA/HSPA Band I and VI / LTE band I in Japan.

We also states that our device is not marketed to USA now because the marketing purpose is only for Japan, therefore there are still some screenshots with JAPANESE words in the User Manual, even though all of the writings are already English in the User Manual. However, if this device will be marketed to USA in the future, we promise that we will change those screenshots to English version, too.

We appreciate your understand.

Thank you.

Sincerely yours,

---
